

FIRE IN THE SNOW, just within the city limits of Palm Springs, will burn until it goes out, according to firemen who made an investigation of the smoke rising out of Barstow Canyon. The canyon is just north of Chino Canyon on the northwest side of Mt. San Jacinto foothills. The Palm Springs fire department and the State Division of Forestry both answered the call which went out about 6 p.m., Wed-

nnesday. The fire is burning off watershed, according to Assistant State Forest Ranger Charles Swift, but because of the snow just a few hundred feet above the fire, it will be impossible for the fire to enter into U.S. Forest ranges. The fire is believed to have been started by campers. (Desert Sun Photo).

Sales, Use Tax Receipts Show \$11,000 Increase

Sales and use tax receipts in January showed a large increase over the same month one year ago, Shelby V. Langford, director of finance for the City of Palm Springs, reported today.

Comparative figures were \$33,794 and \$22,241.

THIS WAS THE largest increase recorded so far this fiscal year which started in July, but Langford pointed out that the report is on a cash basis and reflects taxable sales which quarters in previous months and quarters.

Another feature which must be considered in the increase is that use tax collections were not in effect last year, being started Nov. 1, 1956.

TOTAL FOR THE fiscal year through January is \$129,337, an increase of \$24,000 over 1954 for the same period when \$105,243 was recorded.

The January figure pushed the total collected by the city since the sales tax was started in May 1947 past the million and a half mark, \$1,513,389.

Guard Training Hit by Folsom

WASHINGTON UP — Gov. James E. Folsom of Alabama said today that Army order for six months' training of national guardsmen is a step toward "military dictatorship."

Once established, he said, such a dictatorship "could be overthrown only by bloodshed."

School Advisory Committee Starts Work, Samson Head

Marking its first organizational meeting, the Palm Springs School Board's Citizens Advisory Committee last night selected its leaders and settled down to its first major task—a four-point school housing problem.

The committee appointed Herbert C. Samson, manager and vice president of the Citizens National Trust and Savings Bank, as its chairman, and Mrs. Barbara Foster, of the Palm Springs Safety Council, as its assistant chairman.

OTHER COMMITTEE officers are Miss Helen Hyde, of Thousand Palms, secretary; and Ted Smith, of Rancho Mirage (president of the Coachella Valley Advisory Planning Committee) and Herbert Ecclestone, of Desert Hot Springs, as executive committee members.

First action of the new, 26-member committee was consideration of school housing. The session, presided over by Board of Education President Raymond Sorenson, got under way with analysis of the overcrowded classroom situation.

THE COMMITTEE planned a guided tour of school facilities for Feb. 13 and 14, and then viewed a four-point presentation of the housing problem drafted by Dr. Wallace Mueler, superintendent of schools.

Two Die in Gas Chamber Today At San Quentin

SAN QUENTIN UP — Louis F. Smith, 38, and John Allen, 40, died quietly in the San Quentin gas chamber today for the hatchet murder of a Folsom Prison barber.

The pair was outwardly composed as they stepped into the gas chamber. The cyanide pellets were dropped at 10:04 a.m. and they were pronounced dead eight minutes later.

Tabulations showed today she did not receive a single vote.

Adenauer Gets 'Personal Note' From Bulganin

BONN, Germany UP — Chancellor Konrad Adenauer received a personal note from Soviet Premier Nikolai Bulganin today and said afterward that a "turning point" in Russian foreign policy is likely in the near future.

Soviet Ambassador Andrei Smirnov handed the note to Adenauer at a surprise 50-minute meeting less than 24 hours after Smirnov returned here from six weeks in Moscow.

UNLESS COMMUNITY leaders and the people themselves believe that 35, 40 and 50 children per classroom represents a bad and undesirable situation, overcrowding has no real meaning.

3. Although there is much written and said about the difficulties confronting the schools in meeting these emergency situations created by growth and rising birth rates, there is a need for the schools to take a long look ahead and round up the facts to get some action.

4. A decision must be made as to when temporary thinking and planning ceases and permanent and long-term planning begins.

Adenauer listed four reasons why he believed such a turning point had come: 1. The development of modern atomic weapons, 2. The "spirit of freedom" among the satellites, 3. Failure of the Communist system to develop economic prosperity, and 4. The unity of Western Europe and the rest of the Free World.

HE ADDED THAT "the committee has confidence in the Public Utilities Commission—but only if they get results."

Chapel pointed out that one part of the investigation will concern an unfounded rumor that the telephone company is siphoning telephone funds into its water division.

Assembly sub-committee members present were Seth Johnson,

Rex N. Cunningham, of Ventura,

Lee Backstrand, local Assembly representative, who is sitting in as an ex-officio member.

Light showers trickled along the Pacific Coast and over the plateau region. A belt of soggy weather stretched from parts of the Central Plains eastward through the Mississippi Valley to the Southern Great Lakes. Thunderstorms snarled over most of the drought-stricken Southern Plains and the South Atlantic coastal states.

Snow flurries fluttered into Northern Nevada and Southern Idaho but little more than an inch fell in most spots.

\$3-Million Apartment Project Planned

Construction of an ultra-modern exclusive 71-unit apartment project for downtown Palm Springs was announced here today by a group of three Seattle, Wash., citizens.

Named the "Royal Air," the project will be located on a seven acre tract, once known as the Desert Inn moshie course, three blocks west of Palm Canyon Drive, off West Tahquitz Drive.

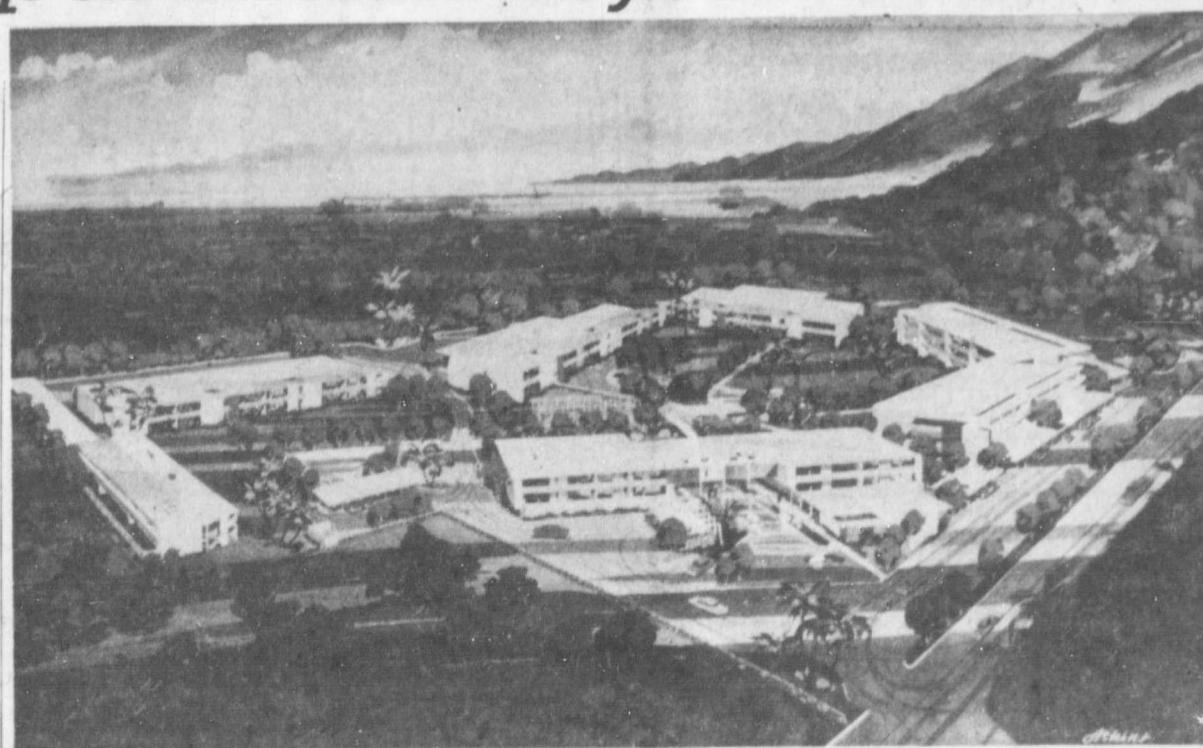

Cost of the project was not revealed by the developers, but other sources said that it will be approximately \$3 million.

The first unit of the 71-apartment development is now under construction and will be finished about March 30. Completion of the entire project is set for early 1958, according to developers.

THE ROYAL AIR building program was planned and financed by Meade Hargiss, Harold Heathman and Esther Peister, all of Seattle.

Plans for the development show an intricately landscaped area, set within the rustic stone walls that once enclosed Judge McCallum's original fig orchard.

Laid out in geometric patterns, the buildings enclose 71 home-size, richly designed and appointed apartments, ranging in floor area from 1,240 to 1,450 square feet. Buildings and grounds follow a modern contemporary desert design conceived by Palm Springs See APARTMENT, Page 16

Israeli Premier Rejects Ike's Withdrawal Plea

Telephone Co. Charged With Intimidation

Chapel Claims Company Tried To Stop Hearing

Charges that the California Water and Telephone Company "was behind" an unsuccessful attempt to "frighten" a special assembly interim committee investigating public utilities today opened the committee's Palm Springs hearing.

The charge was made by Assemblyman Charles Chapel of Inglewood, committee chairman, who said the telephone company "has been in back of an attempt to scare the special interim committee out of holding a hearing here."

CHAPEL'S ANNOUNCEMENT stunned both complainants and company officials crowded into the City Hall council chambers as the committee opened its local investigation this morning.

The chairman alleged that he had received calls from an attorney and "other people throughout the state" who told him "not to come to the hearing here."

He added that questioning of the callers led him to believe they were Telephone company representatives.

THE INTIMIDATION charge was leveled at some two dozen witnesses, all complaining subscribers, and company spokesman met in the council chambers.

Complainants, who will later be cross-examined by telephone representatives, claimed that "nothing has been done to better telephone service in the Palm Springs area."

Chapel later told the Desert Sun that "never in my life have I witnessed so many complaints filed against a public utility company as there are against the California Water and Telephone company."

HE ADDED THAT "the committee has confidence in the Public Utilities Commission—but only if they get results."

Chapel pointed out that one part of the investigation will concern an unfounded rumor that the telephone company is siphoning telephone funds into its water division.

Assembly sub-committee members present were Seth Johnson,

Rex N. Cunningham, of Ventura,

Lee Backstrand, local Assembly representative, who is sitting in as an ex-officio member.

Area Realtors to Honor State President Monday

Palm Springs Real Estate Board members will honor California Association President J. Mortimer Clark with a reception and dinner at Chi Chi Monday.

The reception begins at 6 p.m., followed by dinner, Theresa Press, Palm Springs Board president, said today.

The program is co-sponsored by real estate boards from Beaumont, Banning and Indio.

CLARK, WHO SUCCEDES John Cotton, of San Diego, as CREAs president, was real estate commissioner for the State of California from 1934 to 1939. He was also president of the Long Beach Board of Realtors in 1929, 1930 and 1940.

During World War II, Clark served as colonel of the Army Corps of Engineers, in charge of acquisition and disposal of land for the Army. He is a member of the American Institute of Real Estate Appraisers and the American Society of Real Estate Counselors.

OFFICIALS EXPECTED to attend the reception and dinner are Ted Smith, CREAs regional vice-president; Wynne Savage, National Association of Real Estate Boards director; James Udall, NAREB's regional vice-president.

Fog and Drizzle

Ike, Macmillan

To Meet Mar. 21

BY UNITED PRESS

Rain, fog and drizzle penetrated most of the eastern half of the nation today and frosty air slipped over the Great Lakes states.

The nippy weather sent above-freezing temperatures sinking down below the zero mark early today. Grand Marais, Mich., reported six below zero shortly after midnight after registering a balmy 33 the same time the night before.

The sources said London and Washington still are working out the details and an announcement probably will be made later this month.

Government spokesmen declined to confirm or deny the reports.

The diplomatic sources said that Mr. Eisenhower sometime before the President and Macmillan meet.

There was no indication the three chiefs of state would meet together.

Chief objectives of the talks will be restoration of the Western alliance and realignment of policy toward the Soviet Union and Communism.

THE WEATHER

Desert Area Forecast: Considerable high cloudiness today through Saturday. Chance of few scattered light showers north portion. Highs today 45-58 upper valleys, 60-72 lower valleys. Little temperature change tonight and Saturday.

High yesterday was 73, low 39.

Late News Bulletins

WASHINGTON UP — President Eisenhower and Saudi Arabian King Saud announced agreement today on a new five-year lease for the Dhahran Air Base and U. S. arms deliveries to Saudi Arabia. These were the highlights of a communiqué issued by the two leaders at the conclusion of their talks here.

LONDON UP — Teamsters Union President Dave Beck arrived here by air from Nassau tonight and angrily denied he is dodging a Senate subcommittee investigating labor racketeering.

WASHINGTON UP — Dr. John Von Neumann, world famous mathematician and member of the Atomic Energy Commission, died today of cancer at Walter Reed Army Medical Center. He was credited with speeding development of the U. S. hydrogen bomb.

HOLLYWOOD UP — A son was born today to Mrs. Susan Zanuck Hakim, daughter of producer Darryl Zanuck, and Andre Hakim in Paris.

Br'er B'ar Has Returned to San Jacinto Mountains, According to Tracks Found by Idyllwild Hunter Hogue

Br'er B'ar has returned to the San Jacinto Mountains, and Idyllwild trackers are ready to trace the foot steps of "pint-size" bruin who made his last appearance there in 1948.

This time, though, the hilltop hunters will be armed with cameras instead of guns — they just want to make sure friend bear is really a bear.

TRACKS OF THE elusive, small-sized bear were reported last week by Idyllwild hunter and trapper L. R. "Les" Hogue. Hogue said he found the tracks in fresh snow on Foster Lake.

The lake is about 12 airline miles from Palm Springs.

The tracks, Hogue reported, wandered through the wooded area between Idyllwild and Pine Cove, ending at the lake shore. The hungry bear cracked the lake's

thin ice, evidently fishing for a light supper.

HUNTERS DECIDED that the bear had been holed up for winter hibernation in the steep, rocky slopes above wildwood. Bruin's winter snooze was probably disturbed by very low temperatures of recent storms, they theorized.

But there isn't much cause for alarm, they agreed — the bear weighs "only" 400 pounds. This is considered a diminutive size in bear circles.

ONCE A FAVERED stamping ground for members of Bruin's clan, the San Jacinto Mountains were cleansed of bear life by settlers in 1890. Plans to re-establish the black bear as native wildlife in the area fizzled when mountain folk threatened to take up their firearms in protest.

Last report of bear tracks up yonder was in 1948, when mountain dwellers waged a controversial controversy over whether there was a bear or not. No one has seen the furry critter.

However, recent surveys of the California Division of Fish and Game indicate that the small black bear may be returning to the mountains of Southern California.

AFTER LAST WEEK'S sighting of fresh tracks, there was some conjecture as to whether the spoor was bear tracks or barefoot tracks — although nobody explained why anyone would go fishing in barefeet at this time of year.

At any rate, you can bet the first man to get close enough to grab a picture of Br'er B'ar will win at least one hearty bear hug — or maybe even a bear rug.

Rotarians Enjoy 'Court Stories' of Judge Frank Swain

Rotarians were kept in almost constant laughter at their meeting Wednesday by Judge Frank G. Swain of Los Angeles, as he recited humorous verses from his book "Judicial Jingles."

The jurist said that he believes humor is good in business, and that it often helps relieve tension in court. "Never laugh at someone, however," he admonished, "but at a humorous situation all can enjoy."

"JUDICIAL JINGLES" is a rollicking book of light verses on humorous situations which Judge Swain has observed during his long service on the bench.

The Rotarians and more than 80 visiting members were entertained by the Whitworth College quartette, and Dr. Frank F. Warren, president of the Spokane, Wash., college was an honored guest. Dick Blackstone, son of Dr. and Mrs. James Blackstone, Jr., of Palm Springs, is a member of the quartette. Others are Earl Buri, Clarence Wiscup, Jim Osborne and Fred Brabham, accompanist.

NEW MEMBERS inducted into the Palm Springs Rotary club were Paul S. Burkholder, subdivider; Van Arnold, former member of the China club; Al Liljequist, ladies apparel; Otis Cannon, liter-

REVOLUTIONARY NEW MACHINES Service Lawns, Gardens, Shrubs or Trees FOR AS LITTLE AS \$1.75 WEEKLY!

★ Kills Weeds, Bermuda, Crabgrass — Fertilizes and Seeds Lawns — Destroys Lawn Moths, Ants, Grubs Over 200 Other Insects & Pests New "Hydramatic" Way.

★ Root Feeds and Treats Valuable Shrubs and Trees — Saves Many That Were Lost Before.

NOW YOU CAN really keep lawns rich and green — free of weeds, crabgrass, and Bermuda (where Bermuda isn't wanted) — keep trees and shrubs strong and stately — keep lawns and gardens insect and pest-free — just by lifting up your telephone!

Using a super-efficient "Agi-Sprayer", General Spray's trained operators can service 1000 square feet of your lawn in 3 minutes! This permits a cost so low that regular, professional lawn care now within the reach of millions of home owners where only wealthy golf clubs, rich estates, and publicly-supported parks could afford it before.

How YOU Save

We urge that you look now into your own garage at the chemicals and equipment you have bought. Then think how you use them only occasionally, if and when you get the chance. Think what you have ALREADY SPENT — probably without a planned method, program, or allocation of time — trying futilely for effective control of crabgrass, Bermuda, and weeds. Then compare this — perhaps wasted money and effort — with our amazingly low charges for *really doing* these jobs. Very often, General Spray's prices for service work are LESS than you pay for materials alone! That's because General Spray buys in bulk the finest chemicals made by big companies like American Cyanamid, Dow, DuPont, Olin-Mathieson, and Ortho and then applies these materials with maximum care, efficiency, and economy.

CRABGRASS CONTROL GUARANTEED

at 33 1/3 % savings PLUS lawn fungus control FREE

NO OTHER TIME is better to begin permanent crabgrass control than RIGHT NOW. An ounce of prevention is worth a pound of cure. Killing crabgrass seeds before they grow is much easier than killing mature crabgrass. And by starting NOW permanent crabgrass control is easier, it's guaranteed—and it's cheaper.

YOU Get the Savings

"Permanent Control" means not just killing your existing crabgrass. Crabgrass re-seeds itself readily, grows right in again. Heavy fertilizing of good grasses gives the only long-range control. Then good grasses "take over"—choke out crabgrass.

We'll guarantee to kill crabgrass any time. But if we can start NOW we'll guarantee year-round control. And since our costs are less when we start early, we give YOU the savings — 1/3 off regular rates!

Fungus Control FREE!

Maybe you had some last summer—or will this. From May to October patches of grass turn brown, copper, or pink. Then they wither and die.

Fungus diseases like these are widespread—they simply aren't recognized. But by acting early we can prevent them easily. And if you buy crabgrass control, you get fungus control FREE!

Golf Club Secret—"High Frequency" Fertilizing

Did you know practically all golf clubs fertilize greens as often as twice a week with a water-soluble fertilizer? That's why they look like lush little emerald islands. But here's the news.

"High-Frequency" Fertilizing Now Low in Cost!

Maybe you had some last summer—or will this. From May to October patches of grass turn brown, copper, or pink. Then they wither and die.

Fungus diseases like these are widespread—they simply aren't recognized. But by acting early we can prevent them easily. And if you buy crabgrass control, you get fungus control FREE!

Green Up Bermuda Now!

Many turf experts believe Bermuda is a "good grass"—worthy of care and expert maintenance. The problem, of course, is the "brown period". But General Spray fertilization can green up Bermuda earlier—keep it green extra long weeks each year. Ask about it today!

"6-in-1" Subsoil Applicator feeds instant-acting formula with vital trace elements direct to tree roots. Service costs as little as \$5 yet can save trees worth hundreds of dollars!

We're sorry, but we MUST follow a policy of "first come, first served". So to protect yourself, if you are interested in one of our services, call us TODAY!

State-Approved Operators—Trained By Experts Formerly With U.S. Dept. of Agriculture and Leading Universities — Use Revolutionary Equipment That's Guaranteed To Give Results Or Money Back!

UNTIL NOW home owners have struggled with unfamiliar chemicals and applicators, trying to control crabgrass and weeds. But success depends on many conditions the home owner cannot normally be expected to meet. Progress in chemicals has been fast. Ordinary lawn service companies can't be expected to keep up with the latest and best or to invest heavily in expensive equipment and high-priced technical know-how that insures success.

Why Others May Have Failed with Your Lawn

Trickiest of lawn care jobs is selective weed control — killing weeds without hurting good grasses. W. A. Harvey, Extension Specialist in Weeds at the University of California and a leading expert on the subject, says selective weed control (crabgrass is a weed) depends not only on the chemical used but the way it is applied, the amount applied, when it's applied, the "tolerance" of different plants to the chemical, the growth habits of both weed and grasses to be retained, and the amount of rainfall or irrigation following treatments. Whether or not a chemical does a good selective killing job — to quote this expert exactly — "depends on the use made of it". No wonder amateurs can make little progress trying to accomplish things on "off Sundays", when they're not busy with family duties or their favorite sports! No wonder this kind of work so unmercifully separates the untrained, poorly-equipped service man from the technically-trained, properly-equipped experts!

Revolutionary Machine Provides Answer

From New Lexington, Ohio, comes the answer to the problem of how to spray chemicals in large quantities — an amazing new machine on which patents are now pending. Called an "Agi-Sprayer", it was developed by C. H. Snyder, brilliant inventor of the revolutionary, automatic, coal-mining machine that has been featured in "Time" and "Fortune". This industrial genius first turned his talents to "automation" of agriculture on the 1000-acre model farm of world-renowned agronomist and author, the late Louis Bromfield. It is Snyder's "hydramatic" machine that can control your weeds — and quickly solve many more of your worst lawn, garden, shrub, and tree problems, too!

That means General Spray's expert seeding service is without cost! And we guarantee the best job you can get!

But General Spray's AGI-SPRAYER uses "hydramatic" (hydraulic) seeding to lay down seed so evenly and efficiently it saves up to 80% of the grass seed usually required with other methods of seeding. In fact, the AGI-SPRAYER'S savings in seed pays for the cost of the service of seeding!

That means General Spray's expert seeding service is without cost! And we guarantee the best job you can get!

HOLMES ALEXANDER:

Beauty on the Highways

WASHINGTON, D. C. — All you people who have followed Dick Neuberger's (D) political career in the Senate of both Oregon and the United States have got to stop saying he never introduced a serious piece of legislation.

His joker a couple of years ago to save the White House squirrels from Ike's golf sticks was held against him, and not without some justification, as typical of his law-writing talents. But it's pretty hard to quarrel with his new bill (S. 963) to keep billboards and other defacements of the 41,000-mile Federal highway system which Congress voted last session.

The lumber company which today would waste a \$10,000 Douglas fir doesn't last long. The idea that public utility firms exist for no other reason than to ream its customers is something that belongs in the writings of Ida Tarbell and Lincoln Steffens.

THESE ACCUSATIONS haven't been true since Dick Neuberger's voice changed, and yet it's a dull afternoon in the Senate when he and/or Wayne Morse aren't whooping along the warpath in pursuit of non-existent robber barons as extinct as wild Indians. Even in the over-long speech to introduce S. 963, the sensible Senator from Oregon could not resist this touch of the Biblical Pharisee:

"I am proud to say that when I ran for the Senate in 1954, I practiced what I preached . . . Not a single billboard was ever purchased in my behalf by the committees backing my candidacy. Signboards advertising my opponent dotted Oregon from the Snake River to the sea, but not one such sign heralded the candidacy of Richard L. Neuberger."

Well, it's my opinion that Richard L. Neuberger ought to stop

being Little Lord Fauntleroy and bring himself up to date. A man with Neuberger's energy and access to the public attention could leave a mark on his generation as Gifford Pinchot did on his.

NEUBERGER COULD begin by accentuating the positive instead of the negative in American progress. We are in a time when rubber companies play us concert music in our homes, when aluminum firms bring us Shakespeare and when brewers of malt liquors provide us with the wholesome American sport of baseball on our TV screens.

It's true that many—but not all—do so at the terrible price of flinging tripe in our faces between acts and innings. But the progress that these indoor hucksters have achieved in less than a decade is stupendous.

Why can't the outdoor advertisers go and do likewise? If I were the author of S. 963, I would think a great opportunity was beckoning. For instance, the milestones and historical markers along the highways are generally paid for by the State out of the gasoline tax dollar. Why not sell this space to advertisers?

THE SHRUBBERY, the sod, the trees and the flowers along the highways are there at public expense. Why should they not be there at public profit? It is possible to note tastefully and unobtrusively that the speed limit is 50 miles per hour, by courtesy of an oil company rather than by order of the State Roads Commission.

I am suggesting to Senate Neuberger that this nation of businessmen and industrialists has not stood still for 50 years.

Evolution is taking place in esthetics as well as technology.

Senator Neuberger, a writer by profession, would be a good man to say so in occasional pieces of legislation.

This is the week
We go all out
To pay tribute
To the Boy Scout

There are many weeks set aside for this and that cause. But this one is a worthy week. It's the Boy Scout Week which comes to an end next Tuesday. There's no better investment than the Community Chest, one of the agencies of which is the Palm Springs Boy Scout organization.

The Boy Scouts are acquiring the character needed to run our country tomorrow.

SPEAKING OF special weeks, next week is a dilly. Six weeks in one. National Crime Prevention Week; National Electrical Week; National Beauty Salon Week (anyway, you'll know where your wife is); National Defense Week; National Sew and Save Week; Negro History Week.

It's a good thing they put National Defense Week in the same seven days as National Beauty Salon Week. With the women all prettied up, the men will have to be on their guard.

COMES A COMMUNICATION, on the traffic situation. The correspondent who sent it in, wants to remain anonymous, but his item contains a solid truth:

"Dear Phat—Will you mention sometime that parents must

someday be brought to realize that the automobile HAS replaced the horse, and that the roads have become a jungle in which the child will have to have some safety training if he is long to survive?"

THERE WAS ONE bewildered visitor in town the other night.

He parked his car in a white

loading zone before a local night

spot and just wishing to run

down to the corner to buy a pa-

per, thought he would be o.k. for

the minute or so involved in his

errand.

When he came back the car

was gone. Stolen, he thought

and notified the authorities.

But it all turned out all right.

The attendant at the night spot

thought it was another customer

and parked the car in the lot

adjacent to the cafe.

DID YOU EVER NOTICE, at the FSP station here when boarding a train or waiting for an arrival, that two-tone green panel job and the man in uniform, who carefully scans the roof-tops and rods underneath all cars as the train passes through?

Got curious and asked the man.

He's with the Immigration Ser-

vice and they look at all trains

coming up from Yuma and the

Mexican border, to make sure

that no Mexican Nationals are

sneaking in.

He said they do not confine

themselves to freight trains but

even ride the plush Sunset and

Golden State.

IN THE YEARS that I have

been here, have become acquainted

with many well known canine

men-about-town. Can't remember

all of their names but in ambu-

lating up the Drive in the early

dawn hours to start that day's

newspaper on its course, it was

always pleasant to be greeted by

that friendly wag of the current

doggy character.

Right now, my favorite canine

is Jo-Jo, property of Joe

Portnoy. Jo-Jo's friendly wiggle

from one end belies his sad eyes

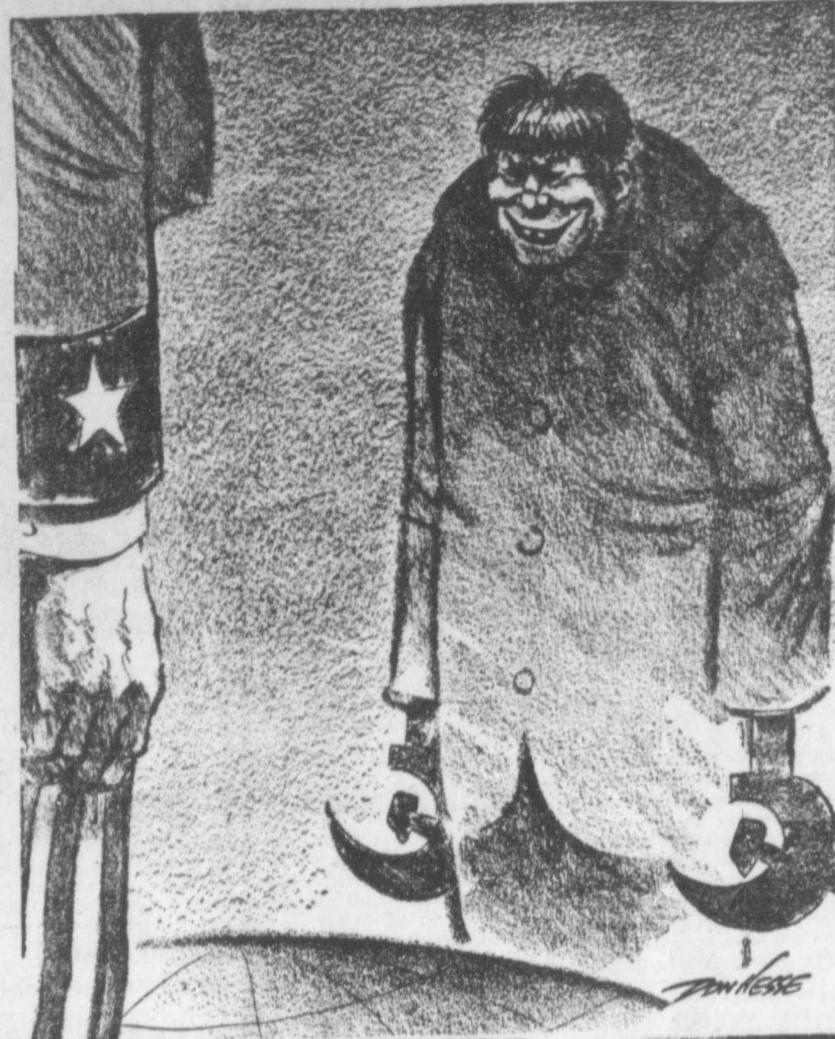

at the other. And he's a very

smart dog.

INEZ ROBB:

Shaw's A-B-C's

LONDON—In life, nothing was sacred to George Bernard Shaw. And in death, he launched an ingrate's attack against the old, reliable 26-letter alphabet that had served him—boy, man and ancient—so profitably for more than 90 years.

But the possibility is increasingly remote that you and I—or poor Johnny, who can't read any-way—shall ever have to come to grips with the revolutionary, 40-letter alphabet dreamed up by Shaw and provided for in his will.

Shaw in 1950 left the residue of his \$2,000,000 estate to investigate and finance such an alphabet which, if perpetrated, would make obsolescent every English paragraph written to date.

HOWEVER, CURRENT hearings on the Shaw will in Chancery Court have so far produced little but laughter and a firm impression that everyone entrusted with the creation of a new alphabet has been commendably dragging his heels.

Shaw wanted the language written as it sounds, without the subterfuge of diptongs or accent marks; hence, new symbols or letters. But a splendid lack of enthusiasm for a Shavian alphabet as destructive, impractical and fantastically expensive is plain in the Ministry of Education no less than in the public trustee, R. Lazarus, who is, perchance, Shaw's harried executor in this matter.

INDEED, IT IS Mr. Lazarus who has brought the will into Chancery Court six years after Shaw's death to question whether the Alphabet Trusts, as the Shaw proviso is now known, is a "charitable trust" within the meaning of the law.

It seems obvious to me that

Mr. Lazarus hopes the court will rule the Alphabet Trusts do not

meet this test and will order the

estate divided equally between

the British Museum, the Royal

Academy of Dramatic Art and the

National Gallery of Ireland, as

provided under further terms of Shaw's will.

As for a Shavian alphabet, it is my hunch that in his final will

to this musical will add to it substantially. And world rights for

productions all over the globe will swell it further.

The Broadway production gives promise of running forever, and the same fate is prophesied for the London production, scheduled for 1958.

UNTIL THE MUSICAL is produced in London next year, records of the American production of "My Fair Lady" are banned from public sale in England. If only I had known this, my luggage on this trip would have contained nothing but hot platters.

I could have cleaned up in the black market.

Golden Spa Ball To Be Held at DHS Tonight

Plans are completed for the gala Golden Spa Ball sponsored by the Angel View Crippled Children's Auxiliary to be held tonight at Addington's.

The buffet-dinner will be served by Addington's at 8 p.m., followed by dancing at 9 p.m. The grand march led by AVCC Queen Phyllis Smilne and her princesses, Fran Rittmane and Judy Goforth will begin at 9:30 p.m.

Music will be provided for dancing by Jack Neblett's band from Redlands.

Constance Smithwick, in charge of the entertainment, will have the Dance Club of America originated and sponsored by Veloz and Yolanda entertain during the evening. The Dance Club will be represented by two tap dancers, Rich Court and Jean Currie, from the downtown Los Angeles studio, demonstrating latest Latin dances.

Ballerina Joan Truxburg, who had the distinction of dancing in "Peter Pan" with Mary Martin, will interpret the modern ballet.

Seven Attend Dinner for GOP Women's Leader

Mrs. Sophie Sturtivant, president of the Desert Hot Springs Republican Women's Club, and members of the club attended the dinner at the Mission Inn, Riverside, in honor of Mrs. Peter Gibson, newly elected president of the National Federation of Republican Women.

Accompanying Mrs. Sturtivant were Mrs. Bertha Gladden, Miss L. Hankey, Mrs. B. Bacon, Mrs. Helen Hatch and Mr. and Mrs. Marshall Brown, who provided the transportation.

The dinner was co-hosted by the Riverside and San Bernardino Counties Republican Women.

Heilen D. Grubb of the county clubs commented that among the officers it was felt that Desert Hot Springs did a fine job in precinct work in Riverside County, during the election.

James Milford Zornes Has Art Exhibit at Addington's

James Milford Zornes, outstanding watercolor painter, will have his paintings on exhibit at the Addington Galleries for the month of February.

At the Art Tea, opening the ex-

hibit Sunday, Zornes gave the background on many of his paintings. Bet Addington, who sponsors the Galleries, announced the exhibit will be open to the public from 1 to 5 p.m. daily.

HOSTESSES AT the Art Tea Sunday were Mimes Rose Smith and Lillian Kleinjung. Mrs. Enola Hubert acted as mistress of ceremonies, introducing Zornes.

Presiding at the table was Zornes' wife, Mrs. Patricia Zornes, and his manager, Carolyn Yarborough.

MUSIC WAS provided throughout the afternoon by Mrs. Edna Ellis, pianist.

Mrs. Grace Harmon, in charge of publicity for the Galleries, reports Zornes is rated among the top 10 water colorists in the nation. He has been the recipient of many top honors in his watercolor works and had one-man shows of his paintings throughout the United States and in Europe.

they disclosed the ease of obtaining and using a new automatic gas clothes dryer.

DISPLAYING GAILY colored carousels to depict the carefree experience of doing clothes in a gas dryer, local dealers are carrying the illusion still further. They are giving Southland housewives a chance to catch the "gold ring" by offering free installation on all gas dryers purchased during the current "gold ring" sales campaign.

The free installation offer is a special incentive for prospective buyers between now and March 16.

THE LOCAL HOME service staff emphasized some of the features of the gas clothes dryer, explaining that it brought "automation" in homemaking ease into the home laundry area.

FAMILY washing can be done at any time of day or night without undue strain and without having to wait for the laundry to "pile up," they pointed out. As a consequence, smaller wardrobes can be "stretched" and made more flexible than in the days when heavy washing was done just once a week.

"Chairs will have slimmer legs and trimmer arms," she said. "This escape from the overstuffed look gives the home more visible space but just as much comfort. Nylon and other smooth, flat fabrics are on the upswing."

HENRY GLASS has come out with something that may revolutionize the whole concept of units, according to Oscar Lundy, a spokesman for the company.

It is a drawerless dresser — a "bedroom filing system."

"It's as efficient as an office," he said. "No more fussing or groping. Everything is available at the touch of your hand — and visible, too."

IN UPHOLSTERY, glass will introduce reinforced fiberglass chair shells into which bits of wood are impregnated. This new shape will enable the manufacturer to cover the chairs more securely, Lundy said.

Visitors to the furniture show can also see the overtone group of S. J. Campbell and Co., which Swedish designers singled out as "an outstanding example of original American design."

For those with an interest in history and a taste for elegance, Fancher of New York will show their empress group. This ensemble brings back the days when the Empress Maria Theresa brought the baroque influence to old Vienna.

Establishment of a new enterprise for the Palm Springs and desert areas was announced this week by George P. Dotzler, local resident and member of the staff of E. F. Hutton & Co., in association with John B. Yates, chemicals consultant for Wallace-Tiernan Co. of Monrovia.

The new operation to be known as "The Lawnmasters" is designed to service the needs of local home and hotel owners for odorless garden and lawn fertilizing, also weed and pest control.

Fast, low-cost periodical service schedules are planned to eliminate many of the objectionable problems of less modern lawn, shrub and tree fertilizing methods, according to Dotzler.

SCIENTIFIC FORMULAS developed by General Spray Service, Inc., of New York City have been incorporated in the new "Ag-Sprayer" truck equipment used by "The Lawnmasters," designed to eliminate the home owners' "Do It Yourself" guesswork failures.

"We are quite excited about our new home service equipment," Dotzler stated. "We really have a beauty parlor for lawns and gardens that rolls right up to the job."

OF PARTICULAR interest to desert homeowners are the new methods of re-seeding summer-burned lawns, crabgrass and devil-grass control, he said. Scientifically developed formulas assure odorless lawn fertilizing at low cost.

"The Lawnmasters" are offering the use of their new equipment to all homeowners in making soil tests of their gardens at no charge.

Gardeners Here Enjoy Camellias

While winter reigns in the eastern United States, many local gardeners are enjoying the colorful blooms of their Camellia bushes. The blooms of this flowering evergreen begin in the fall and last to early spring—months that are colorless except for the Camellia.

Now in bloom throughout the state are the white, formal-shaped Alba Plena Chandelier with pink and white variegation; the popular Doncelarii, red marbled white in varying degrees; and the pale pink Dr. Tinsley. The first All American Camellia selection is also in bloom; it is Cinderella, a fimbriated and serrated shell pink with white edges. All these varieties are Camellia Japonicas.

SEVERAL YEARS ago many new varieties of the Camellia Reticulata were brought to this country from China. After being grown in test gardens for many seasons they are gradually being made available to gardeners. Many of these varieties bloom in the middle of the winter. Butterfly Wings, rose pink blossoms with wavy petals; Crimson Robe, carmine and red; and Shot Silk, brilliant pink, are three such varieties.

Camellias can be grown in a

Colorful 'Xochimilco' Ends Soon

CLAREMONT—One of the most delightful plays ever presented at Padua Hills Theatre is now in its final two weeks.

"Xochimilco" (pronounced So-Ch-Meal-Ko), is the three act story developed amidst colorful Indian songs and dances, of the rejuvenation of the tourist Mexican attraction near Mexico City.

This original play, written especially for Padua Hills Theatre by Director Eligio Herrera, is set in the romantic village of Xochimilco with its watery streets and beautiful flowers, where boats are the means of transportation.

Alicia de la Torre, Luis Abundiz, Micaela Velazquez, Salvador Espinoza, Francisco Velazquez, Vida Amador, Conchita Gallardo, and Maria Abundiz play principal roles in the production.

"Xochimilco" is presented nightly at 8:30 p.m., Wednesday through Saturday with matinees at 2:30 p.m. Wednesdays and Saturdays. Padua Hills Dining Room with colorful singing and dancing by the cast is open daily except Mondays.

Reservations may be made by calling LYcoming 5-1288.

Stork Shower Surprise for Mrs. Bronstein

Over 40 guests attended the surprise stork shower held recently at the home of Chris Ranes, 3782 Sunny Dunes, in honor of Roz (Mrs. William) Bronstein.

Co-hostesses with Chris were Barbara Mutascio, Barbara Morrison, Helen Chapman and Bunny Fisher.

A fitting centerpiece for the elaborate luncheon table was a small driftwood tree painted white and strung with rattles, pacifiers and booties.

Following luncheon a social afternoon was enjoyed by the many present.

Around Town

with Hildy Crawford

Usually . . . when you have several parties in one night . . . they'll be all over town . . . You know . . . from Via Las Palmas to San Lorenzo . . . to Sunrise Way to Thunderbird . . . or some such widely separated spots . . . and it's lucky when you know where the hosts live . . . as finding a street number after dark can develop into a major project . . . The two big parties Wednesday night . . . were more convenient . . . one out by Thunderbird where Jock Williamson was hosting a party honoring Mrs. Fuller Halsey . . . and the other at Deep Well . . . where Lee and Ernie Alschuler were celebrating his birthday . . .

Jock's house, which is beyond Thunderbird, is charmingly arranged . . . to make a perfect party setting . . . Particularly effective is the banking of flowers in the entrance way . . . which keeps guests from trying to walk through the big floor-to-ceiling mirror . . .

Danish ham, turkey and those delicious miniature hamburgers, which are a Santos specialty . . . featured the buffet . . . along with a marvelous array of hors d'oeuvres . . .

We were there early . . . but saw Robin Barnes, the Walter Braunschweiger . . . Mrs. H. W. Armstrong, Margaret and S. P. Manasse, Emily DeWare, Janice Chiquoine . . . Mrs. Noble Banks, Franklin McManus . . . Billie Dove Kenaston (Bob must have been around somewhere), Judy Howard and Leo Owens . . .

We couldn't linger so we missed the Gordon MacRae, Hoagy Carmichael, Jack Kenaston, June Clark, Peter Kiewerts, Clark Swanson and others who were on the guest list . . .

The party given by Lee and Ernie Alschuler . . . winter residents from Chicago . . . celebrated the host's birthday . . . There were 110 guests . . . who gathered in the lounge by the wishing well . . . for cocktails before dinner . . . The dinner tables were profusely decorated with flowers in long low arrangements . . .

Santos served delicious steak dinner . . . which concluded with a huge and beautifully decorated birthday cake . . . After dinner sound and color movies were shown o the Alschulers' around-the-world trip . . . which they were taking a year ago . . .

The guests included many old friends and new ones . . . city officials . . . and people associated with the host in the Desert Museum's drive for funds . . .

Danny Kaye hosted a dinner for five . . . at the Dunes Wednesday evening . . . That same night Donald Stralem, Jimmy Morton and Sidney Adelstein (just returned) were a threesome . . .

Mrs. Emma Prather is here from Long Beach . . . and will spend the rest of the winter with her daughter and son-in-law . . . Ethel and Jack Luccarelli at their Smoky Tree Ranch home . . . Mrs. Prather who slipped and broke her hip last August . . . has the cast off now . . .

Ray Ryan is off to Caracas next week . . . and from there will go to Jamaica to join his wife Helen . . . He expects to be away until

Pot-Pourri

Of Fashions At Style Show

A Pot-Pourri of fashions were shown in the unusual and exciting fashion show luncheon presented at El Mirador Wednesday for the wives of delegates attending the Pacific Coast Convention of Pacific Surgical Association.

In commenting the show, Gladys Stryker used each of the participating shops as a base for her "gourmets delight". The beautiful Chinese dresses from the new shop Su-Yuins, were classified as "Saki Wine," "Egg Roll Print," and similar terms. The exotic gowns from Profilo Du Monde were the Indian ingredients in her recipe; and "Cocktails for Two," from Faye-Renee, had one gown described as "sparkling as Lancer's wine." From her own shop came "Anyone for a Hot Dog" and "Hamburger Time," as she showed true casual American sportswear.

Beautiful blue-tinted Baby Vanda orchids flown directly from Hawaii, were presented to each woman attending.

Table for Each Month at Circle Birthday Luncheon

Twelve gaily decorated tables, one representing each month of the calendar year, will highlight the Birthday Luncheon of the Women's Circle at the Community Church, Baristo and Cahilla, on Tuesday, February 12, according to Mrs. William Castle, luncheon chairman, and assisted by the Martha group.

Edward Lyman whose fine tenor voice has been heard in Palm Springs for three seasons, will present a group of songs, accompanied by Mrs. William Lux.

Mrs. Merle Hancock, program chairman, has secured Mrs. Wilbur Smith for the speaker of the day and Mrs. Jack Pyle will read devotions. Mrs. Smith is the wife of famed Bible student and teacher, Dr. Wilbur Smith of Fuller Institute in Pasadena. Mrs. Smith will have with her Mrs. Charles Fuller.

Guests are urged to make reservations through the church office, phone 6291, according to Mrs. Don Macpherson, president.

At B-Bar-H

Gathering at the B Bar H Ranch Club are Robert A. Morton, Los Angeles attorney and Mrs. Morton, the former Mrs. Lena Latham Goble. She is the retired Pacific Coast Director of the Delphian Society, a cultural women's organization with many members residing in the Southern California area.

Valentine Affair at El Mirador

St. Theresa Church will hold its Valentine dinner dance at El Mirador on February 14, and Judy Canova and a host of stars are expected to be present.

Phil Harris will be master of ceremonies; Desi Arnaz, guest conductor; Ginny Simms, guest vocalist; and Don Pedro and his orchestra will play. Cocktails will be served from 7 to 9 p.m., preceding the dinner.

Headline acts from Chi Chi and Palm House will also appear on the program.

Father Michael O'Donohoe is general chairman for the dinner dance. The committee working with him includes Isabelle Cameron, Robin Anderson, Alice Faye Harris, Andrea Leeds Howard, Florence Murphy, Willie Rogers, Patti Olson and Winnie Cody. Tickets may be secured from any committee member, or at St. Theresa Church.

Third Concert Of Artist Series Sunday Afternoon

VALENTINE DAY was the motif for the luncheon given by St. Theresa Mothers Club at the Biltmore Wednesday. Pictured, from left, Mrs. Tom Kieley and Mrs. Earl Hough, co-chairmen for the affair; and Mrs. Arnold Anderson, Club president. (Desert Sun Photo).

Mother's Club Has Valentine Party

A driftwood arrangement and red hearts decorated the speakers table Wednesday when St. Theresa Mothers Club held its Valentine luncheon at the Palm Springs Biltmore with around 100 members and guests in attendance.

A red carnation corsage was welcome gift for each arrival.

Mrs. Arnold Anderson presided at the luncheon meeting and Father McDermott gave the invocation.

Father McDermott also gave details of the plans for the Valentine.

Dinner Dance to be held at El

Mirador on the evening of February 14. Mrs. Joe Eicher and Mrs. Pat Mutascio announced the opening of the new library at St. Theresa School. It was voted to purchase a new typewriter for the school and plans were made for a Rummage Sale later this Spring.

Door prizes went to Mesdames Sal Alessandro, John Coonan, Los Clemon, Frank Toth and Raymond Lusby.

Co-chairmen of the very successful luncheon were Mrs. Earl Hough and Mrs. Tom Kieley.

New Trio Opening At LaPaz

Frank Marocco noted accordionist and his trio will open in Spur and Sable room of LaPaz this evening. Several special parties are being arranged for that evening.

Spur and Sable room was a lively spot after the Golden Nugget Ball when many assembled and enjoyed a "Musical Soiree" with Doris James doing an extra late show and Al Anthony entertaining in his friendly way. Among those on hand for the impromptu show were Ray and Joan a party; Marusia noted designer of gowns for the Broadway show "Auntie Mame"; Julie Gabor (mother of the famous Gabor sisters), who was escorted to the ball by Ralph Wilcox Taylor.

Also enjoying the entertainment were the William Doughterys of Pasadena, who were here visiting his parents, the F. C. Doughterys. The young couple promise to be in the audience in two weeks when they again will be houseguests of his parents.

Attractive newcomers to this area, Mr. and Mrs. Henry Thornton of Ottawa, Illinois, are frequent dinner guests in Spur and Sable. They have taken an apartment at Coco Cabana until April, but have bought property at Thunderbird and plan to build in the near future.

THEIR SECOND wedding anniversary was the occasion for a party which honored Mr. and Mrs. Ralph Fitzgerald Tuesday night at El Mirador. Hosts for the dinner party which took over the Starlight Patio, were Mr. and Mrs. Ed Houghton,

who had just observed their own 19th anniversary; Mr. and Mrs. Bob Brooks, and Mr. and Mrs. Al Howe. The sparkler-lighted cake was decorated with hearts and masses of yellow icing roses. (El Mirador Photo).

Organizing Chapter Women Accountants

A preliminary meeting of the National Women Accountants was held in Corona on January 30, with the purpose of organizing a Riverside County Chapter of the organization. It was attended by several members of Los Angeles and Orange County Chapters, and prospective members from Riverside, Home Gardens, Corona and Norco areas.

Any woman employed in the accounting profession or related fields of office operation is invited to attend. Charter membership will not be closed until a later date and anyone desiring to be a charter member may contact Alice Robertson at P. O. Box 43, Corona, or call REDwood 7-1834 evenings.

Murray Arnold's Lucky Number Is Eleven

Pianist-Singer Murray Arnold, an outstanding hit at Palm Springs' fashionable Howard Manor, has proven that Las Vegas isn't the only place where the number 11 is important.

On Monday, February 11, Murray and his wife, Midge, observe their 11th wedding anniversary at a party tendered them by Bob and Andrea Leeds Howard at their desert oasis of sun and fun. Highlight of the party will be a huge cake decorated with a miniature piano sporting just 11 keys.

Also on the 11th, Arnold starts

four more weeks of Howard Manor entertaining, the Howards having signed him for that many additional weeks.

Arnold, a former piano and vocal star with Freddy Martin's band, met his wife in the South Pacific during World War II.

Both were in the Army at the time, Mrs. Arnold serving with the Nurses Corps.

DROODLES FRIDAY 11 1/2 cms.
"TWO ARCHITECTS PUTTING THEIR HEADS TOGETHER TO READ A BLUEPRINT"

Barry Todd, who is a Lone Star Droodler from down in Fort Worth (Texas, that is) gave me this fine Droodle last month while I was visiting Texas Christian University. Being a typical Texan, Barry also wanted to throw in several Oil Wells and three or four hundred head of cattle and although I certainly admired his generosity I had to refuse the fits. I just don't have the time to operate an oil well and as for the cattle, my landlady, Mrs. Goonsarten, is very strict about the boarders having pets in their rooms. Anyway, it was nice of Barry to make up this Droodle and to show my appreciation I'd like to take this opportunity to say a few thousand well-chosen words about Texas. I'd like to, but I can't because this columnist just the opposite of Texas—it's small.

Indians Host Elsinore High In Double-Header Tonight

Strong Tiger Five Favored To Take Game

Coach Kazmier's Boys Seeking to Regain First Division Spot

By LINDSAY NEILSON
Coach Al Kazmier will send his Palm Springs High School Indians against the strong Elsinore quintet tonight in the local gymnasium hoping to upset the dope and take another stride toward the first division in the Riverside County Basketball league. The Indians are currently in fifth place while Elsinore is in the third spot.

Elsinore Tigers topped the league for eight games until they bowed to San Jacinto last week.

IN THE FIRST ROUND Elsinore hopped the Braves 66-51 at the Lake City. Tonight's game is on the home hardwood and the Indians hope to make it 50-50 with the Tigers.

Tonight marks the final game for the Braves' number one ball hawk, Eddie Tarr. Tarr is transferring to Riverside High and his absence will have a big effect on the Redmen's chances in the remaining four games. Tarr has an 8.8 average in scoring and is expected to make an extra effort tonight in his farewell, to improve that standing.

OTHER SCRAPPERS for the Warriors will undoubtedly be the usual Sam "The Shot" Jones, John Warren, fifth in RCL scoring ratings, Curtis Roberts, Bill Beck and Bob Jackson the Indian's top transfer this year.

Irked by narrow losses in their last two games, Kamier's boys are out to gain revenge tonight against one of the RCL's top teams.

Palm Springs Bees, now resting in the basement of the RCL, will take on Elsinore Bees at 7 p.m. and the Varsity game is slated to start at 8 p.m.

Longdon Has Big Day with Four Firsts

ARCADIA — Aging Jockey Johnny Longdon today boasted he still could outride the youngsters after scoring four wins on an eight-race card at Santa Anita Park.

Longdon, the world's winningest jockey, turned in the first quartet of wins Thursday of the meeting for any rider. The four-bagger increased his record lifetime total of 4,992 winners.

The 46-year-old English born jockey included in his victories the featured \$7,500 Hollywood Purse with Solid Rae. Triple Jay was second and Candy Dish finished third.

Solid Rae turned the mile in 1:36 1-5 and returned \$21.30. Longdon also won aboard Twin King in the first, with Ballymartial in the sixth and took the eighth race with Ode.

Several top three-year-olds awaiting the \$100,000 Santa Anita Derby on March 2 were entered in this afternoon's featured \$10,000 Rotary Clubs Purse. The entry list included such standouts as Sir William, Gaelic Gold and Blue Spruce.

Sports Car Club Plans Gymkhana

Palm Springs Sports Car Club is planning a new one for next Sunday, Feb. 10. They will stage a Sports Car Gymkhana at the Polo Grounds starting at 10 a.m. and the public and all sports car enthusiasts are invited.

Prizes and trophies will be awarded the winning sports car jockeys.

Mrs. William Reichel Scores Hole-in-One at O'Donnell

Mrs. William Reichel of the Bay area and El Mirador, well known winter resident of Palm Springs established a new first for Palm Springs Thursday.

She shot a hole-in-one on the fifth green and became the first woman to score an ace at O'Donnell Golf Club—or at any other club in the Palm Springs area.

Mrs. Reichel was a member of a foursome in the weekly Ladies Choose up at the club and her mighty sock enabled her team to wind up in a two-way tie for best ball honors of the day.

Mrs. Reichel says she is a novice at golf and has only been playing for a short time—but that ace of hers is making a lot of sense made O'Donnell golfers envious. Another first was scored in Thursday's play. Mrs. William McBride was jubilant as she broke 90 for the first time.

AARON SIGNS UP WITH BRAVES AT 50% RAISE

Hammering Hank Aaron of Milwaukee, who was asking for a 100 per cent raise, happily settled for a 50 per cent one today that will pay him about \$27,000 for swinging his big bat this year.

A Thursday night telephone call from General Manager John Quinn in Milwaukee to Aaron at his home in Mobile, Ala., settled the whole business.

Aaron, who led the National League in batting with a .328 mark last year and hit 26 home runs, had been seeking double the estimated \$18,000 he received last season. Quinn had been negotiating with the 23-year-old outfielder over the phone two weeks.

"I'm definitely not disappointed," Aaron said after his talk with Quinn. "How did I do? Fairly well. I wouldn't want to discuss the contract but I'm very happy about it. The Braves are a great bunch, and I'm glad to be with them."

AARON'S ACCEPTANCE terms left southpaw Warren Spahn as the Braves' leading player still unsigned.

Shortstop Chico Fernandez and pitcher Bob Darnell agreed to terms with the Dodgers, leaving

HANK AARON, Milwaukee Braves outfielder and National League batting champ last year, wanted 100 per cent hike in salary but settled happily today for a 50 per cent boast. (International)

Amorus was offered a \$1,000 raise but Brooklyn officials say they haven't heard a word from him in Cuba, where he has been playing winter ball.

Bruins, Bears Risk Lead in Games Today

Results to Play Big Part in Deciding Championship of PCC

By NEAL CORBETT
United Press Sports Writer

UCLA and California, who have looked down from the top of the Pacific Coast Conference basketball standings all season, will have to look up tonight to protect their undefeated records.

The Bruins will gaze up at 6-foot, 10-inch Bruno Boin and 6-7 Doug Smart of the University of Washington, while the Bears will be confronted by 6-8 Gary Goble and 6-7 Dave Gamble of Oregon State. And the tall boys will have the advantage of their home courts.

If UCLA and Cal can get past the northern giants tonight, they still can't relax; the same opponents will be on hand tomorrow.

In other PCC weekend series, Washington State plays at Stanford and Idaho visits Southern California.

ONLY ONE GAME is scheduled tonight in the California Basketball Association, but that pits two of the three teams currently tied for first place as St. Mary's meets the University of San Francisco. Tomorrow St. Mary's plays San Jose State and Loyola meets Pepperdine.

The UCLA—Washington series will have a big effect on the championship hopes of both teams. The defending champion Bruins have won 32 straight conference games, including six this season. Washington leads the conference in victories with seven and has lost only one.

Play was scheduled to start this afternoon on the tennis courts of Shadow Mountain Club in the Sixth Annual Palm Desert Invitational Tennis Tournament with top-ranking southland netters in competition.

Tomorrow and Sunday's matches will start at 9 a.m.

Mike Franks, UCLA, is back to defend the title he won last year and Tom Brown, who was runner-up last year, will seek to gain revenge.

Among other top-rated players are Herb Flam, Bob Perry and Hugh Stewart. Alex Olmedo, a student at USC and a colorful netter predicted to go places, is also on the entry list.

Scheduled events include men's and women's singles, men's doubles and mixed doubles.

The tournament is co-sponsored by the Palm Desert Chamber of Commerce and the Shadow Mountain Club.

Whelettes Lead Women Keglers

The Whelettes clung to a two-game lead in the Ladies League at Palm Springs Bowling Academy as result of Thursday night's activity.

Fireplace team, in second spot, however, rolled the high team series with 2056 and took the high team game honors with 713.

The CBA standings: St. Mary's 6-0, UCLA 6-0, Washington 7-1, Stanford 4-4, USC 3-5, OSC 2-6, Idaho 2-6, USC 1-3 and Oregon 1-7.

USF and St. Mary's will break up the three-way tie with Santa Clara in the CBA. The winning team will move out in front, Santa Clara will be left holding second, and the loser will drop to third.

The CBA standings: St. Mary's 5-1, Santa Clara 5-1, USC 5-1, San Jose State 5-3, Loyola 2-4, College of Pacific 2-5, Fresno State 2-5, and Pepperdine 0-6.

Howie Johnson

Leads Pack in Tucson Tourney

TUCSON, Ariz. — A big fellow with heart trouble, who took up the nerve-wracking game of golf, carried a one-stroke lead into today's second round of the Tucson Open, where a horde of professionals unleashed a flock of birds to shatter par opening day.

Howie Johnson, 31, six-foot, two-inch, 205-pounder from Houston, Tex., shot a six-under-par 64 on the 6,434-yard, easy putting, El Rio Country Club course in the opening round Thursday.

That was one stroke better than 65's posted by Frank Stranahan, former amateur star from Toledo, Ohio, and Joe Zakarian, Escondido, Calif.

NEW YORK — Howard S. Pierce doubts that major thoroughbred racing in the east ever

will break through the winter "holiday barrier."

Pierce, youngish, debonair and sporting a wee wisp of dark mustachio on his upper lip, is general manager and vice-president of the Bowie Md. race which opens a 41-day meeting Tuesday.

That's the earliest opening in history for a major eastern track,

Pierce admitted today. And it's less than two months since the Pimlico Md. track closed in mid-December.

Because of the pincers movement on winter by Bowie and Pimlico, it was easy for some sports writers to conjecture that the two-month gap would soon be closed by further late extensions and still earlier openings. And that the holiday barrier would be broken.

BUT PIERCE SAID, "That's unlikely. I doubt that it will ever happen. We'll never have major racing in the East through the holidays."

Pierce admitted frankly that a principal reason for the early and late-season operation of Maryland tracks is their dependence upon Philadelphia and New York fans and their desire to entertain those fans while tracks in New Jersey and New York State are closed.

He stressed that a survey of

DON CLARK NAMED GRID COACH FOR TROJANS

LOS ANGELES — Penalty-ridden University of Southern California has turned to a member of its own staff to assume the role of head football coach after having vainly sought a name coach.

The school Thursday night named line coach Don Clark, a member of the coaching staff for the past six years, as the replacement for Jess Hill, who takes over as athletic director next fall.

The selection climaxed nearly a year of second guessing as to who would follow in the footsteps of Hill who gave the Pacific Coast Conference its only victory over the Big Ten in the Rose Bowl since the bowl pact began 10 years ago. Hill was the helm of the Trojans for five seasons and his team in 1952 defeated Wisconsin, 7-0, in the granddaddy of all bowl games.

The conference nearly ruined

the Trojans' football machine by not only barring the school from winning championships but taking a year's eligibility away from all athletes for allegedly receiving "under the table" payments from alumni groups. Senior players last season only were allowed to play in five games and the juniors on last season's roster completed their eligibility.

Both USC and its cross-town rival, UCLA, were hit by the ruling. Both schools also threatened at one time to bolt the conference because of the penalties. But the NCAA backed the PCC and the Trojans and Bruins were forced to serve their sentence.

Maryland weather over several years showed that the most snow

if any could be expected in late December and January.

Couldn't the horses run in snowy

weather, he was asked.

"Certainly they can," he answered.

So what's the obstacle?

"Highways and parking lots," he replied. "Race meetings must depend upon fans who motor to the tracks from many miles away. And they won't come if the highways are snow-covered or slippery."

AREN'T THE PATRONS afraid of getting cold or catching colds while watching the gee-gees run during crisp February weather?

"None. They know Bowie, at least, has completed many improvements for their comfort-blower-type heaters at frequent intervals in the lower main grandstand area, clubhouse and mezzanine sections. Of course, the clubhouse dining room is glass-enclosed and heated."

Paul Seeley to Give Lecture Here on Christian Science

By PAUL STARK SEELEY

How to apply God's healing power to solve problems of everyday living will be the topic of a public lecture to be given here at 3 p.m. Sunday, by Paul Stark Seeley of Portland, Ore.

Seeley, a member of the Christian Science Board of Lectureship, will speak in the Plaza Theater on Palm Canyon Drive under the auspices of First Church of Christ, Scientist, Palm Springs. His subject will be "Christian Science: The Open Door to Heaven." The lecture is free, and local members have invited the public to attend.

Seeley has been prominent in the Christian Science movement for many years. He has served as associate editor of the Christian Science religious publications, and as president of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass. He has lectured to audiences throughout the world.

PALM SPRINGS — 1000 Palms—Point Happy, the fastest growing area in the United States today. All over the country you hear—“Palm Springs headed into a big 5-year Florida-type boom.” Big money is coming here now. Good land with water is getting scarce—check for yourself. Here's the last of the low cost land in this upper Valley—only 90 acres left for sale—divided into four 20's and one 10 acre parcels. Over 300 acres sold in the last six months. This is the choice portion of this 1400 acre ranch. Every city utility available close—Rancho Ramon public utility water, So. Calif. natural gas, electricity, phone, Palm Springs High School busses, only 12 minutes out, gorgeous view site plots. Nestled against the hills and most wind protected in the Valley, surveyed and staked—with gravel roads. It has everything. In 5 to 10 years this land can well sell for \$5000 per acre. Priced at an average \$960 per acre—it's the best buy in all Palm Springs. Owner is retiring because of age. Low easy long terms. Cooperation with Brokers.

16 Club-Swinging Police Break-Up 'Liberty' Singing

MADRID — Club-swinging police today broke up demonstrations by an estimated 1,000 students who stoned police jeeps and paraded through downtown Madrid chanting, "We want liberty."

It was the second straight day of student demonstrations, staged in connection with a citizens' boycott of the Madrid public transportation system.

AT LEAST FOUR persons were arrested. Madrid's police chief intervened personally at one time in an effort to break up the demonstrations.

The students gathered shortly afternoon on the old downtown university campus, defying nine jeeps loads of police gathered to prevent any new outbreaks.

THE STUDENTS hurled rocks at the police jeeps but dispersed peacefully after Chief of Police Roman Losada Perez told them their demonstration would achieve nothing and advised them to go home.

But after the youths filed away from the university, they regrouped and paraded down back streets toward the city's main thoroughfare, singing their university hymn and crying, "Liberty, liberty!"

When they reached the main street, they were met by a bus load of some 50 police who leaped out and moved into the ranks of students with their truncheons swinging. The demonstrators scattered.

Parking Meter Receipts Up \$800 in January

Parking meter receipts collected by the City of Palm Springs had another healthy increase during January, largely due to the increase in hourly rates from a nickel to a dime, Shelby V. Langford, director of finance, reported to day.

Receipts for the month were \$3,578, compared to \$2,797 for the same period in 1956.

Total collected for the fiscal year to date is \$16,595, compared to \$12,595 in 1956.

The city has collected \$164,923 since parking meters were first installed here in March of 1949, Langford said.

There are now 390 meters in operation on Palm Springs streets.

"OUR FIRST UNIT is now under construction," Hargiss reported this morning, "and will be completed for inspection on or before March 30."

Originally owned by Judge McCallum, Palm Springs pioneer, the Royal Air site was later operated as a moshie golf course by the late Nellie Coffman. Title for the property passed in 1952 to her sons, George B. Roberson and Owne E. Coffman.

THE LAND WAS purchased by the present developers in 1956.

The new project was christened yesterday by a committee of seven prominent Villagers and visitors.

The name "Royal Air" was chosen by George B. Roberson; Jerry Gahan, of Radio Station KTAC in Seattle; Robert Banks, interior decorator of Seattle and Palm Springs; Mrs. Earl Coffman, Frederick Haines, vice president of Washington Steel Products, Tacoma Wash.; Larry Sitter, O'Donnell Golf Course manager; and Mrs. Oakley Maxwell, of Seattle.

A native of New York, Muller had been a resident of California for 15 years, and had been in the hotel business. He was a frequent visitor to the Village.

He is survived by two brothers and five sisters.

Frank Muller owns the Las

Palmas hotel and Mrs. Wohlgemuth the DeAnza hotel, both in Palm Springs.

Funeral services are pending.

Senate Delays Ike Doctrine Action for Another Week

By UNITED PRESS

WASHINGTON — The Eisenhower Doctrine today appeared to remain in committee in the Senate at least another week.

The Senate Foreign Relations and Armed Services Committees had hoped to end their joint hearings on the doctrine by tonight. But lengthy questioning of diplomats has delayed them.

ARMED SERVICES Chairman Richard B. Russell said he thought it "highly probable" the committees now could finish the hearings and send the doctrine to the Senate floor by the end of next week.

The House has already overwhelmingly passed the doctrine that would authorize President Eisenhower to use troops if necessary and economic aid to stem the tide of Communism in the Middle East.

The President has asked Congress to approve the doctrine with all possible speed.

OTHER CONGRESSIONAL news:

CRASHES — The House Committee on Commerce resumed its hearings on last week's fatal plane crashes at New York City and Palomino, Calif. The committee summoned Civil Aeronautics Adminis-

trator James T. Pyle and Chairman J. R. Durfee of the Civil Aeronautics Board for questioning.

RAILWAY — The nation's powerful 21 railway labor unions — 11,000 workers strong — want Congress to cut their income taxes. The unions have opened a drive to get Congress to exempt from income taxes all railway workers' contributions to union retirement funds. The drive is a threat to the administration's balanced budget.

CIVIL RIGHTS — Southerners may make a new move to prolong further the already extended House subcommittee hearings on Civil rights bills. Civil rights advocates hope to end the hearings next week. However, Rep. William M. Colmer (D-Miss.) said he knows many witnesses who cannot appear next week. And he said he is "very much interested in seeing they have a chance to present their views."

OIL — The House Commerce Committee tried to get behind the administration gag preventing officials from testifying about oil and gas price boosts. The committee sought to question Assistant Interior Secretary Felix W. Wormser about the gag next week.

MORTGAGES — The House Banking Committee has approved stopgap legislation that would replenish nearly exhausted federal mortgage-buying funds. The bill would boost the federal national mortgage association's funds \$500 million — half the amount requested by the administration.

Joseph Muller Succumbs Today

Joseph J. Muller, 49, brother of Frank Muller and Mrs. Lucy Wohlgemuth of Palm Springs, died at 6:15 this morning at Fullerton. He had been ill for three years with lung cancer.

A native of New York, Muller had been a resident of California for 15 years, and had been in the hotel business. He was a frequent visitor to the Village.

He is survived by two brothers and five sisters.

Frank Muller owns the Las

Palmas hotel and Mrs. Wohlgemuth the DeAnza hotel, both in Palm Springs.
